Need more information on the SkillSelect process

For more information on how SkillSelect operates, please refer to our website which details the process:

<http://www.skillselect.gov.au>

Each month, the department publishes a report on the lowest points score for each occupation that received an invitation for independent skilled migration. This report will provide you with an indication on what points score was required to receive an invitation during the previous month. You can view these reports at:

<http://www.skillselect.gov.au>

Changes to your circumstances

It is important that you update your EOI if there are any changes to your circumstances including your name, passport, contact details, address or family members as soon as possible. You are required to do this by accessing your online SkillSelect account.

If you update details on your EOI that alters your points score, your ranking will automatically be updated by SkillSelect.
